NIC-NDCSP-HAR-FO001

Hardware Details

_____

1. Organization/Group/Division: ……………………………………………………………
2. Project Name   : ……………………………………………………………………………
3. Host Name   : ……………………………………………………………………………
4. Date   : ………………………………….
5. Configuration of Server Hardware:–

S.No.	Hardware Items	Details
1	**Make and Model**	
2	**Serial No.**	
3	**Hardware Type (NW/Security/Server/Storage)**	
	Type (Rack mount/Blade) & Form Factor (U):	
4	**Processor**	
	Type (Intel-Xeon, Itanium, AMD, Sun-spark):	
	Speed(GHz) :	
	No. of Processor :	
5	**RAM**	
	Total RAM :	
	Number of Module:	
6	**HDD**	
	HDD Capacity(GB) and no of HDDs :	
7	**LAN**	
	Type (Single/Dual/Quad) and No. of LAN Card:	
8	**HBA Card Details**	
	Make & Model :	
	Speed and Firmware Version :	
9	**Type of Fibre Cable and Strength** (SC/LC)	
10	**Hardware Weight & Power**	
	Rated Input Power :	
	Weight :	
11	**Other Accessories**	
	CDROM, FDD etc.	
	Others	

_____

Signature of End User / NIC Coordinating Group

Name: _____ **Date:** _____ **Place:** _____

(**Note**: For other hardware like switch, firewall, load balancer, Storage, Tape Library etc., user need to fill separate **Hardware Form**. _After installation of the server, customer **must** inform us if any addition or upgrade is to be done._)
